THE TUTOR

¡Hola!

I'm María. I consider myself an enthusiastic and motivated teacher, willing to help you to learn everything you want to know about Spanish language and culture. I think languages are alive and we shouldn't learn them as dead theory, so I believe in a practice-based learning.

I have spent almost 9 years living in the UK, working as a teacher at state and independent schools and running adult-education courses. Now, I work full-time helping students like you, offering a more personalised education.

I am a qualified teacher with a language-teaching title issued by the International House World Organization and recognised by the University of Barcelona. I have also a Masters in teaching Art and Languages (the Spanish PGCE equivalent) and a Bachelors Degree in Fine Arts.

GCSE SPANISH MASTERY PATHWAY

From Beginner to Exam Confidence. A Structured Online Programme.

This document outlines the step-by-step tutoring plan designed to build fluency and confidence for the GCSE exam.

A MESSAGE FOR PARENTS

PARENTS

Investing in Your Child's Success is a Journey

- The path to GCSE success in a new language can seem long and uncertain. My programme is designed to transform that journey into a clear, structured, and engaging adventure.
- I provide a complete roadmap from the very first lesson to the final exam, ensuring your child builds confidence, mastery, and a genuine love for Spanish.

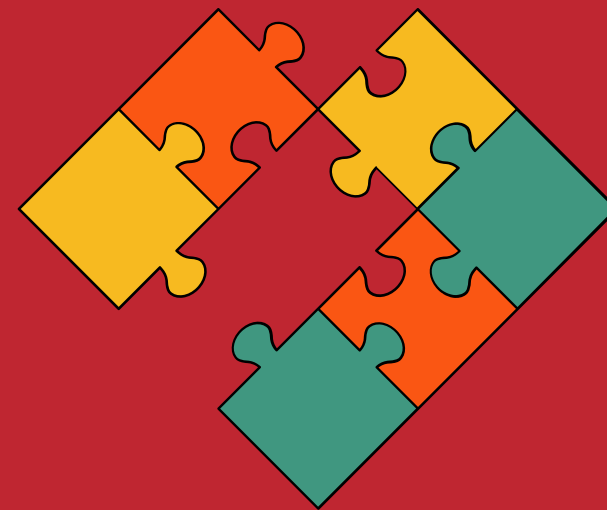

THE PROBLEM WITH 'REACTIVE' LEARNING

Why Start Early with a Plan?

Last-Minute Panic

Cramming just before exams leads to stress and superficial understanding.

Knowledge Gaps

Missing foundational concepts can cause problems later on.

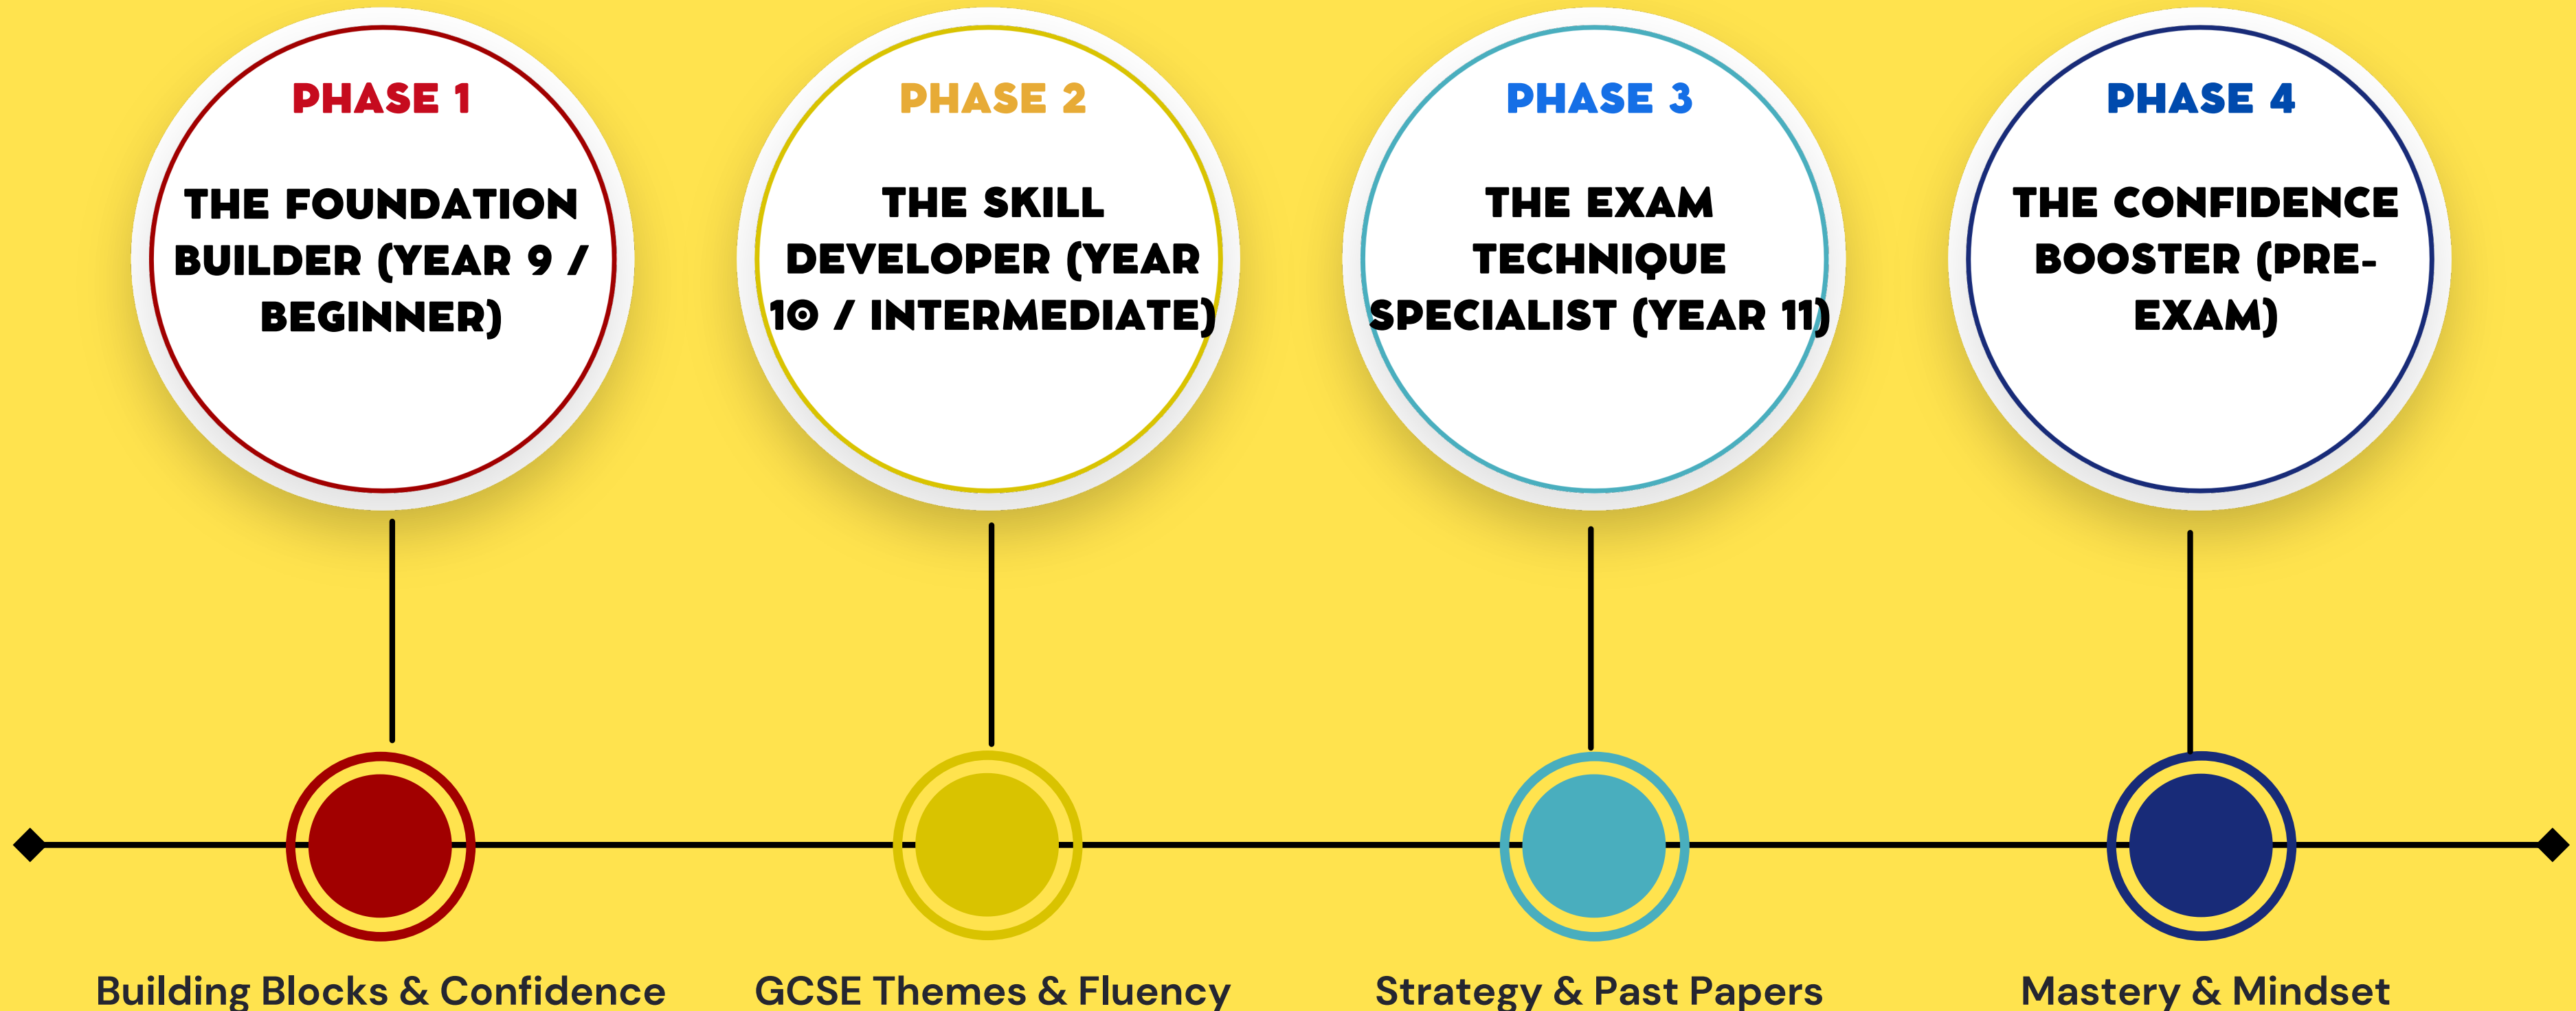

Lack of Confidence

Without a clear path, students can feel lost and unmotivated.

THE SOLUTION: THE 4-PHASE MASTERY PATHWAY

Your Child's Roadmap to a Top Grade.

A SNEAK PEEK AT THE LEARNING JOURNEY

What Will My Child Actually Learn?

Every lesson is carefully planned to build skills step-by-step. Here's an example from the early stages:

Unit	Content	Goal
1	Greetings, Numbers, The Alphabet	Introduce themselves.
2	Family, Descriptions	Describe themselves and others.
3	School, Opinions	Talk about their school life.

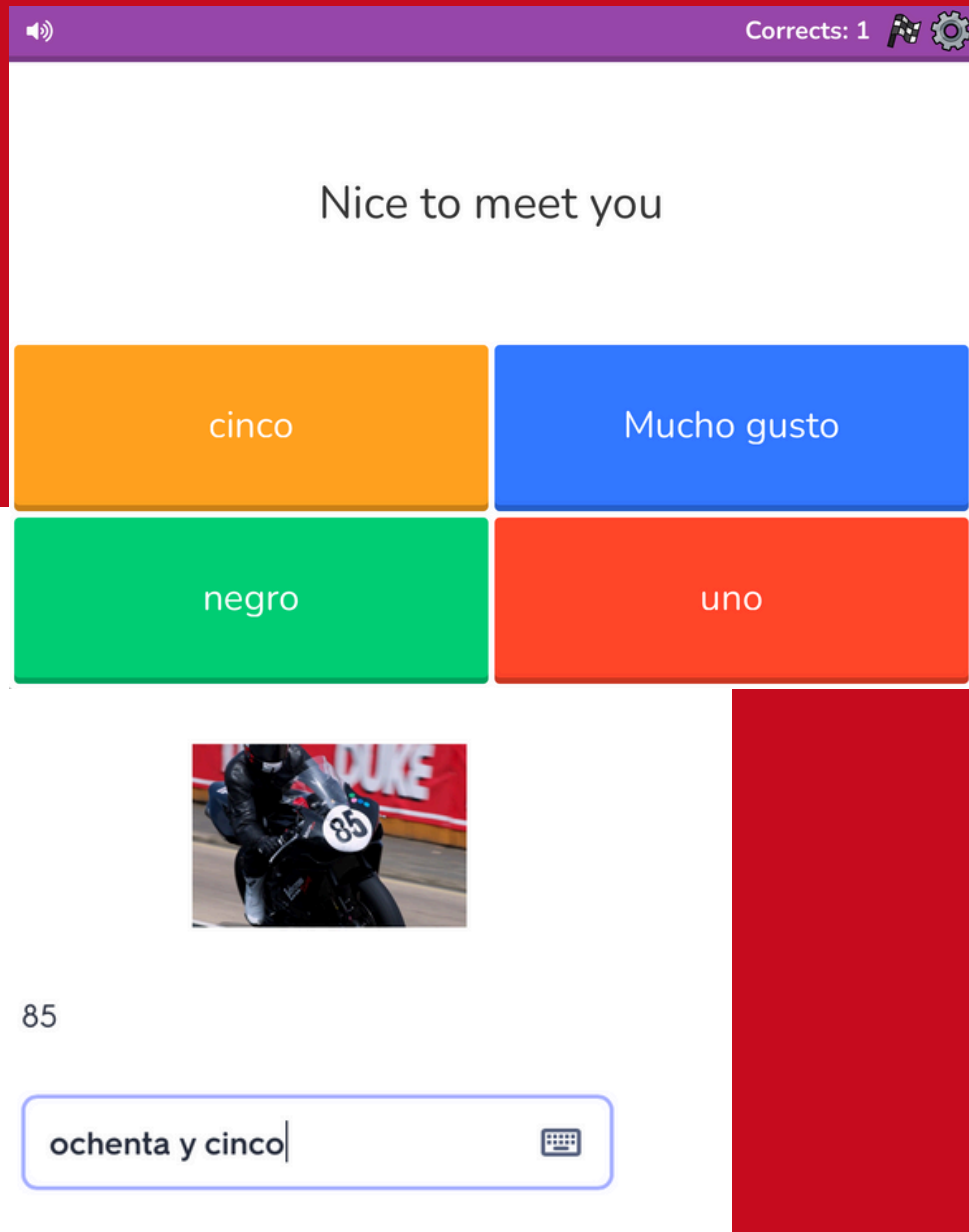

...and so on, all the way to complex topics like the environment and future plans.

MAKING ONLINE LEARNING FUN & INTERACTIVE

Engaging Lessons That Students Love.

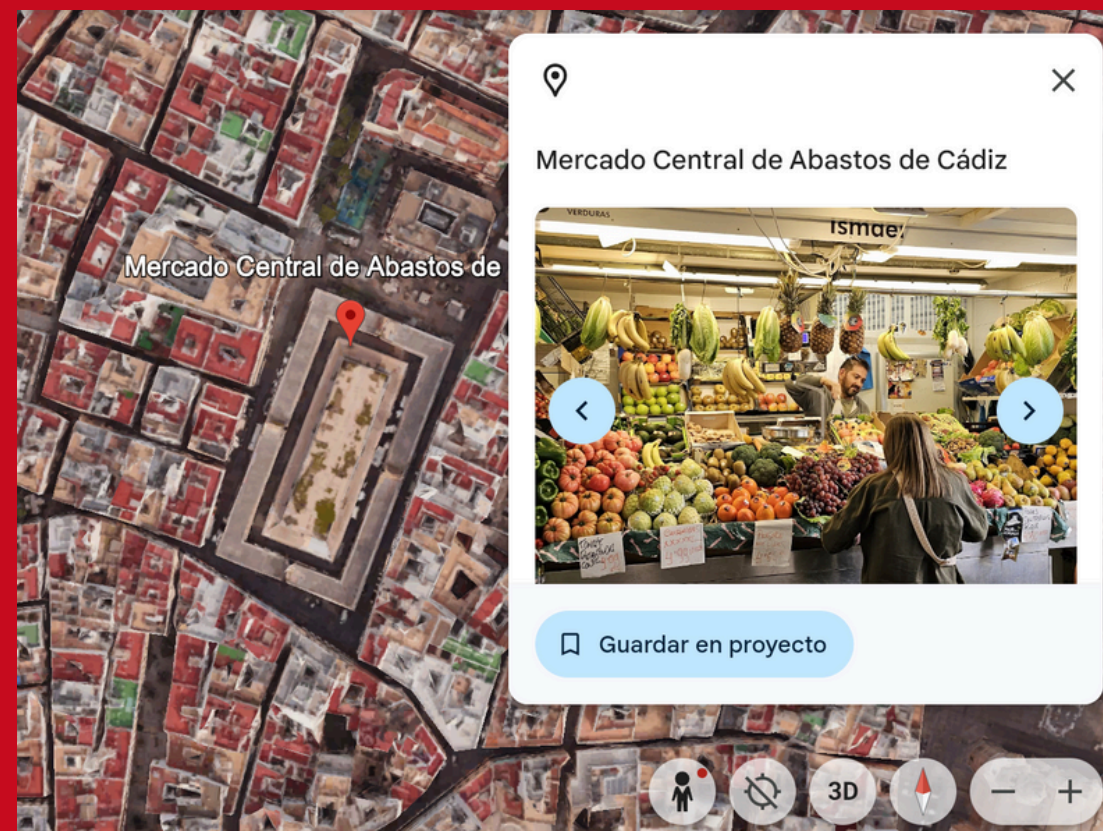

An hour online flies by when lessons are dynamic and interactive. I use a variety of digital tools to keep your child engaged and motivated.

VOCABULARY BLAST!

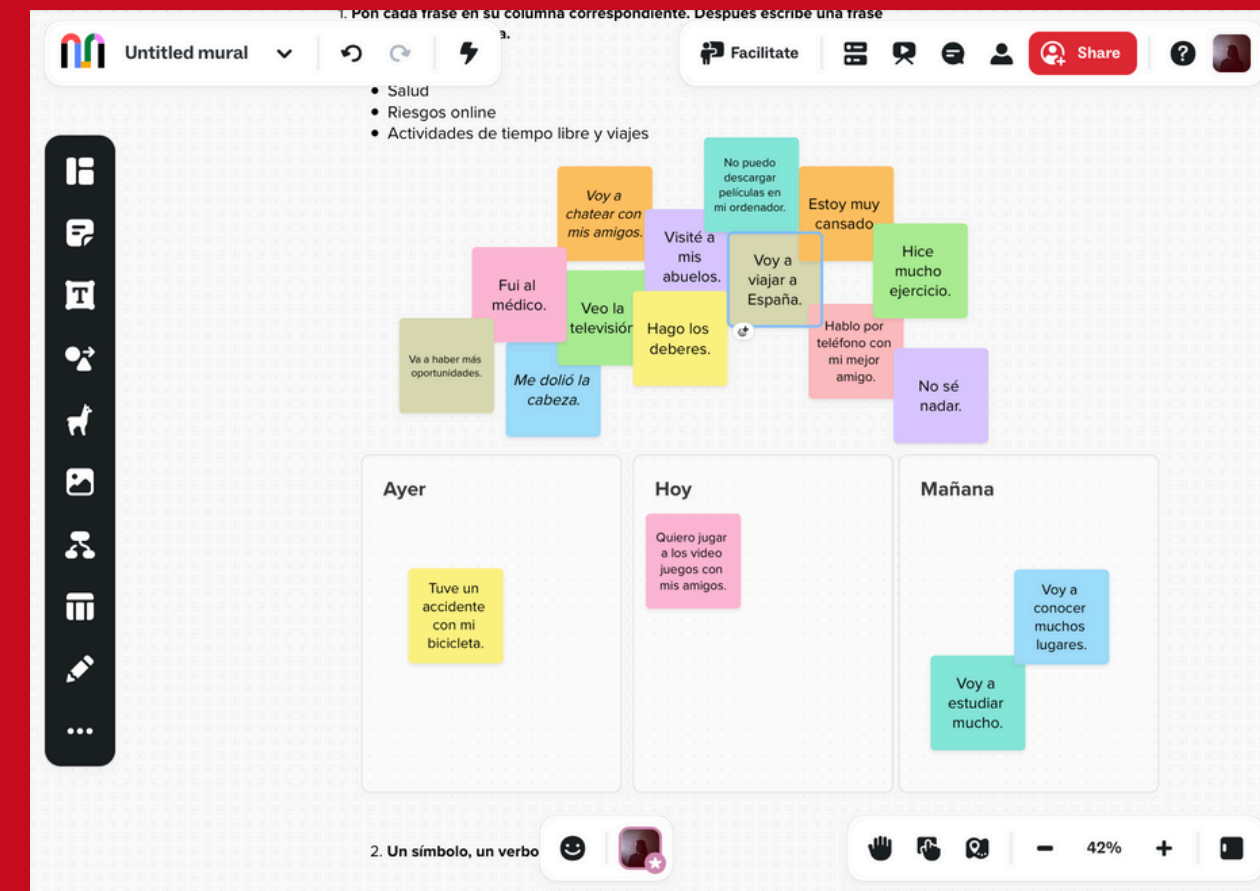

We turn vocabulary review into a fast-paced team game to make memorisation exciting.

INTERACTIVE ACTIVITY EXAMPLES SEE THE LEARNING IN ACTION!

VIRTUAL FIELD TRIP

We 'visit' a market in Madrid or a beach in Barcelona, describing what we see in Spanish.

COLLABORATIVE STORYTELLING

We build stories together using new grammar and vocabulary, making creativity the focus
